

Press Release

Wolfsberg, 1st July 2018

New sales staff in the field

Jörg Ißleib is the new member of the UV-Technik Speziallampen GmbH sales team.

As of July 2018, Jörg Ißleib strengthens the sales team of UV-Technik Speziallampen GmbH. With him the lamp specialist could win a true expert for UV technology.

For 16 years Mr. Ißleib has been working on the field of UV. In the beginning he was concerned with planning and project engineering UV control gears. Later he moved on and worked as a project manager. From 2015 on he has worked as an Application Sales Engineer until he has decided to continue his career as a sales engineer in the field.

With immediate effect, Mr. Ißleib will be your competent contact for UV medium pressure lamps.
